Area Fishing

Erie County has incredible year-round freshwater fishing beginning with winter ice fishing for perch and panfish, followed by trout fishing in the spring, walleye, perch, and bass fishing in the summer, and the steelhead run in the fall. Other fishing opportunities include burbot, muskellunge, and northern pike.

Western Erie County has nationally renowned steelhead streams. The PA Fish & Boat Commission stocks over a million steelhead smolts each year. The steelhead fishery brings tens of thousands of anglers to Erie County. Some of the best fishing is on private land. That's why every angler must respect and obey the rights of land owners; otherwise anglers run the risk of losing precious access to property.

Visit the PA Fish & Boat Commission's website at www.fishandboat.com to learn more about Erie County's fishing & boating opportunities, laws & regulations, and to buy your fishing license and Lake Erie/trout combo permit online.
